Hello! If you're reading this you're probably interested in our scholarship opportunities. They represent a chance for students of any age who have demonstrated a true desire to succeed in school and further continue to higher education, but may need a little help taking the steps to get themselves through their current curriculum. There are some qualifications you and your family will need to meet and rules you need to follow in order to qualify. We understand every circumstance is different, but please be aware that we rarely grant exceptions to these rules. They are as follows:

- Parents/family must demonstrate financial need, providing either a W-2 or two months of most recent pay stubs for all adults in household.
- Parents/family must live on Maui full-time.
- Parents/family must agree to one of the payment options listed on the following page.
- All supporting documentation, including this application must be filled out, signed and turned in to Aloha Vacation Tutoring no later than 2 weeks before the start of any tutoring sessions.

We are a family run education business that understands that all levels of education should be accessible to any student who wants and is willing to put the work in to get there. We hope to see you and your family soon and look forward to helping you achieve your goals!

Good luck to all applicants!
